Model UN: If you are interested in debate and/or international affairs, Bev Facey's Model United Nations group might be for you! There will be an informational meeting Monday at lunch in room 159 - new and old members welcome! No experience required! See Ms Johnson for more details if you cannot make it.

Volunteers Needed!! Terry Fox Run Volunteers Needed! At 18 Terry Fox was a University Student, at 19 he was a cancer patient, and at 21 he was a hero. Youth make a difference! Volunteering looks great on resumes and scholarship applications, and the Terry Fox Foundation is recognized internationally. Students interested in a one day volunteer opportunity to manage the Terry Fox Run at Broadmoor Lake Park on Sunday September 20 are asked to sign up in the office. Please add your contact information next to your name. If you require more information, please see Mrs. Lynn Johnston in room 133.

Yearbooks - Students will be notified via the Daily Bulletin when yearbooks arrive.

Recycling - The Bev Facey PLACE program wants your recyclable beverage containers. As well as being great for the environment, it is a great way for us to raise money for some of our recreation activities. There are pails located within easy reach all around the school. Please use these pails for all of your recyclable beverage containers. We appreciate you not putting garbage in these pails and not putting your containers in the garbage. Thanks for your support!

Parking Passes - Grade 12's who applied for parking passes should have picked up their pass at lunch. All passes must be paid for by the end of September. Only those students with passes may park in the student parking lot. Students are not allowed to park in the staff parking lot, in visitors parking by the trees at the end of the staff parking lot, or in the compound. Grade 11's who have applied for parking will be notified once we know how many spaces we have vacant.

Astronomy Club - Ever wonder what new discoveries are happening in our solar system or other star systems in the galaxy and the universe beyond? Want to know what new missions are planned to explore planets in our solar system? Want to discuss topics like black holes, supernovas, dark matter, and dark energy with other individuals interested in similar ideas? Want the chance to observe our sun through a telescope? Come to the first Astronomy Club meeting this **Wednesday September 9th at lunch in room 260** to learn more!!
