Upcoming Consultations on Fort Saskatchewan School Boundaries

Mark your calendars for one of two upcoming community consultations for the next phase of the boundary review process in Fort Saskatchewan.

Thursday, November 19

Wednesday, November 25

4:30-8 p.m.

Rudolph Hennig Junior High, gymnasium

9512 92 Street

Families are welcome to come at any time either evening that suits your schedule. A short presentation will take place at approximately 6 p.m. each evening. Representatives from Stantec Consulting Ltd. will review the data that has been collected and share an overview of what the data is telling us about how and where Fort Saskatchewan is evolving and growing. Attendees will have the opportunity to review the proposed options on new school boundaries for Fort Saskatchewan.

These options have been developed to determine a boundary area for the new K-9 school in Fort Saskatchewan by realigning our existing school boundaries.

We want to hear what you think about these options. Opportunities will be available to review the information, ask questions, and provide your feedback. The feedback collected will be used to review and refine the options. One final round of community consultation will take place before the recommended boundaries go to the Board of Trustees for approval in early 2016.

We encourage you to be part of these discussions. Please join us.
